July 2016

From our President –

First off I would like to Thank Karen Baxter for a job well done as our President for the past 3 years. These are big shoes to fill!

I am looking forward to working with our Club over the next 12 months in providing some great entertainment for you all. And by the looks of what is coming for our picnic, we are off to a great start.

Hope to see a good turnout for it!

Member News & Information

What are we doing?

We may be retired, but that doesn't mean we aren't contributing to our community in lots of ways! SLEAC member David Murray has been volunteering with Adopt-a-Scientist for the last 10 years. Imperial helped initiate the **Adopt-a-Scientist Volunteer Program**, which pairs Lambton-Kent classroom teachers with volunteers who have a science, engineering, or a technical background. The program began in 1995, and since that time, volunteers have developed 17 interactive, curriculum-linked demonstrations where the emphasis is on "hands-on" science. The presentations typically feature activities or experiments that teachers do not have the time, or adequate materials, to set up on their own. As one example, students participating in the *Gr. 6 Electricity* activity will compare the power consumption of different light bulbs and other electric units using equipment the volunteers have designed.

David would be happy to tell you more about this program – you can reach him at murraymint1942@gmail.com or check the program out on the website <http://www.lkdsb.net/program/sepweb>

Future Event Registrations

Cheques must not be dated any later than the cutoff date for an event. Cheques dated for day of event will not be accepted.

Transportation and accessibility

Please note that registrations for our events will include a line that you can fill in if transportation is needed or if you can provide a ride to the event. The committee members organizing that event will make an effort to link those that need a ride and those who can provide one.

For all of us, please remember to watch out for each other and offer assistance if needed to members with restricted mobility preferred accessibility.
