December 2018

From our President Larry Western –

It is now December 2018, and in reflecting back over the past year, I forgot about how great a time was had by all who attended the SLEAC events in 2018. After all, that is what we are all about. Your committee did a great job in organizing these events, and my thanks to them all.

There were also some challenges this year with our budgets, the need for more Committee members, and of course my transition to the President of SLEAC. The budgets are a work in progress, but I'm happy to report that all of our key Committee positions have been filled with very high-quality volunteers. We are still looking for a couple more volunteers who would like to join a fun group of people, and you'll hear more about that in later events and Newsletters. As your new SLEAC President, I'm finding that everyone on the Committee is very helpful in keeping me informed and easing the transition.

The slate of events that are being discussed for the new year sound very exciting, and when we roll them out in the coming months, I think you'll agree.

More about the budgets, because of steadily increasing prices and because less employees are retiring, we are forced to increase the membership fees to \$10 per person, to take effect in the next fiscal year. We sincerely hope this fee increase doesn't put a burden on any annuitants.

With thoughts about those less fortunate, and how thankful we should all be for what we have, I hope that everyone has a very safe and happy holiday season.

Member News & Information

Did You Know: That most of the funds for our club activities come from the subsidy we receive from ESSO. The club is allowed to apply for this once per year at the end of June. We receive a subsidy for each member who has paid their membership (\$10 per person) for the current fiscal year AND who has attended a club event in the past fiscal year. So, come on out and participate!

And here's an early reminder, everyone's annual membership will be due June 1, 2019, watch for the membership renewal request in the April newsletter. The club must receive your dues before we apply for the company subsidy in July. If you are not paid up by then SLEAC doesn't receive a subsidy for you.

Future Event Registrations

Cheques must not be dated any later than the cutoff date for an event. Cheques dated for day of event will not be accepted.

Transportation and accessibility

Please note that registrations for our events will include a line that you can fill in if transportation is needed or if you can provide a ride to the event. The committee members organizing that event will make an effort to link those that need a ride and those who can provide one.

For all of us, please remember to watch out for each other and offer assistance if needed to members with restricted mobility.
